Gustavo Antonelli

Aspiring cybersecurity professional with a BSc in Computer Science, actively building a foundation in network security, penetration testing, and vulnerability analysis through targeted certifications. Currently pursuing CompTIA Security+, Network+, and PenTest+ to specialise in offensive security and Red Team operations

TECHNICAL SKILLS

Programming Languages:
- **Python -** Intermediate
- **HTML/CSS -** Intermediate
- **JavaScript -** Beginner
- **Wireshark -** Beginner
- **Syslog** - Beginner
- **Python Sockets** - Beginner
- **Nmap** - Beginner
- **Kali Linux** - Beginner

PROJECTS

- **Cybersecurity Portfolio Website:** Personal website to document my learning journey in cybersecurity, showcasing beginner-level projects focused on basic security concepts. Key sections include a blog for security write-ups, a contact form, and a project tracking page.
- **Log Forwarding System (Linux):** Configured a log forwarding system using Syslog on Linux to centralise log data from multiple devices. Implemented basic log filtering and monitoring to identify potential system events.
- **Port Scanner (Python):** Developed a simple Python port scanner to identify open ports on a local network and highlight basic vulnerabilities. Included error handling and output formatting for improved readability.
- **Network Traffic Analysis (Wireshark):** Captured and analysed network packets in a controlled lab environment using Wireshark. Identified common protocols and observed basic indicators of potential anomalies.

Portuguese - Advanced

CERTIFICATIONS (In Progress)

- **CompTIA Security+ (SY0-701)**:
  Expected completion: [Sept 2025]
- **CompTIA Network+ (N10-009):**
  Expected completion: [Dec 2025]
- **CompTIA PenTest+ (PT0-003)**:
  Expected completion: [April 2026]

EDUCATION

BSc Computer Science (2:1 Honors) - University of Greenwich, London (2024)

A-Levels - The Ravensbourne School, Bromley (2021):
Computer Science - **B** | ICT - **Distinction** | Psychology - **C+**

GCSEs - The Ravensbourne School, Bromley (2019):
Spanish - **9** | Computer Science - **7** | Science - **7** | Mathematics - **7** | English - **6**

WORK HISTORY

June 2022 — July 2023

Front of House Team Leader
Greene King, Kings Arms, Greenwich, London
Responsibilities:

- ➤ Led a team of front of house staff members, ensuring smooth operations during high-traffic periods.
- ➤ Managed cash handling, end-of-day reconciliations, and secure deposits in accordance with company policies.
- ➤ Oversaw customer service, resolving complaints and disputes effectively to maintain positive guest experiences.
- ➤ Conducted daily staff briefings, managed schedules, and monitored staff performance to maintain operational standards.
- ➤ Executed closing procedures, including setting alarms, securing cash deposits, and checking security cameras.

December 2021 — June 2022

Bartender
Greene King, Kings Arms, Greenwich, London
Responsibilities:

- ➤ Delivered exceptional customer service in a high-pressure bar setting, handling multiple orders accurately and efficiently.
- ➤ Frequently operated the bar solo, managing customer flow, drink preparation, and stock replenishment.
- ➤ Assisted in training new staff members, promoting adherence to health and safety protocols.
- ➤ Developed strong time management and multitasking skills in a fast-paced environment.
